

Technical Testing Services

A Full Suite of OCR-Quality Testing

Conducting an OCR-quality Technical Evaluation required at 45 CFR §164.308(a)(8) helps organizations test the effectiveness and efficacy of the controls they've implemented and meet the explicit HIPAA Security Rule requirements for periodic technical evaluation.

Let Clearwater's talented security experts combine our cutting-edge tools, comprehensive manual testing, and unparalleled, real-world technology experience to improve your overall security posture through this important monitoring activity.
